## YOU

Must be interested in what I have been able to do for you. I have just opened out a parcel of direct importations from one of the largest factories in the world. Usually you pay \$5.00 for a gold filled Brooch. I am today selling a solid gold Brooch for \$2.40, solid gold Necklets with real pearls and diverse goods for \$15.00, usually sold for \$20.00. My stock is too large for a small town but the prices are sure to catch all buyers in the Pass, in fact it will make buying a pleasure. Cannot describe my stock to please call and inspect, all welcome.

## COLEMAN PEBBLES

Happenings of Interest in and Around this Bustling Town. You are Talked 'About

Keep your eye on Coleman.

E. Disney's niece are erecting, snow sheds over the track near the mine.

J. McAlpine, of Carbine, paid his Coleman friends a visit on Monday.

C. Faires, proprietor of the Little Hotel, visited Coleman on Wednesday.

James McNeill, proprietor of the Coleman hotel, visited Fernie on Sunday.

J. P. Marcellus M. P. P., of Pincher Creek, paid Coleman a visit on Thursday.

J. M. Stewart, chief tie inspector for the C. P. R., was in town on Wednesday.

TO RENT.—In the Cameron Block, a few rooms the largest and best in Coleman.

Cherishholm will stay wet. The vote on Thursday for local option was, 51 for, 97 against.

W. G. Norrie, engineer for the International Coal & Coke Co., went to Lundbreck on Tuesday.

Joseph Derbyshire went to Michel the latter part of last week and returned again on Sunday.

Rev. James Sargent will conduct Baptist service in the Oddfellow's hall, Coleman, on Sunday at 11 a.m.

John Unsworth is now acting as check weighman for the miners since the double shift has commenced.

O. E. S. Whiteside, general manager of the International Coal & Coke Co., Ltd., left this week for a trip east.

The mild weather which we have been having this fall leads one to believe that Coleman is surely in the banana belt.

Luther Nightingale, who has been visiting his relative and friends at Portland, Oregon, the past four weeks, returned to Coleman, on Monday.

Do not fail to see the Girl From Chilly, at the Coleman opera house, on Wednesday, night, next. This is a good opera and always greeted by a full house.

On Tuesday last, while David Pritchard was working at the mine he received a large cut, 4 inches in length, on the head, by falling rock but the wound is quickly healing.

Everything is in full swing at the Gibson lumber camp. That camp delivers lumber to the coal company here twice a day. This is another proof that business in Coleman is rapidly increasing.

C. E. Baker, who was formerly proprietor of the Grand Union hotel at Coleman, came here from Calgary on Friday last and returned again on Tuesday. His many friends were pleased to see him.

Mr. Davies has made very rapid progress on the building which he is erecting for Mr. McLean at Hillcrest. He has the roof on and expects to have the building finished about the middle of this month.

Mrs. (Dr.) Westwood and two daughters are expected to arrive in Coleman on or before the 8th of December. A cablegram, received by the doctor, states that they sailed for Canada on the 29th last.

Thomas Tiffen will leave shortly for the old country in charge of Mr. Crone who was so seriously injured a few months ago at Cranbrook. Mr. Crone, it will be remembered, resided in Coleman for a long while previous to going to Cranbrook.

Rev. T. M. Murray will preach a temperance sermon on Sabbath evening next. At the close of the service the local branch of the Alberta Temperance and Moral Reform League will meet to consider the amendments to the liquor law that are to be asked for from the provincial legislature and to sign petitions approving the same. Attendees of temperance are urged to attend.

The following remark was made at a dinner table in Coleman the other day by a Winnipegger: "Coleman is most certainly a very prosperous town. It has grown more in the last three years than any other town of its size in Canada." We say, and say it in good faith, that before another three years or even before another two years, Coleman's population will be as large as the population of the present time. Just stay with Coleman and you will see it.

## GOOD FOR COLEMAN

Dame Rumor Says that More Vast Coal Areas Near Coleman Will be Opened Up Soon

It is currently rumored that a new coal company being organized is to open up in the near future, their coal property which is not more than a mile and a quarter distant from Coleman. Negotiations are progressing satisfactorily and the MINER hopes to be in a position to give its readers definite information regarding the matter within the next week or so.

## POVAH BANQUETED

J. F. Povah, Formerly Treasurer of I. C. & C. Co., Given a Ball and Banquet

Last Friday evening, the 20th inst., a complimentary ball was given by the citizens of Coleman in honor of Mr. and Mrs. Povah. It was very well attended. The music being good and the floor in excellent condition. Everyone, without exception, had a very pleasant time, and the contingent from Frank, Hill, Bellevue and Hillcrest returned on their special about 2.30 a.m.

The following evening, Saturday, a banquet was held at the Coleman hotel, Mr. J. F. Povah being the guest of honor. Dr. Westwood presided. Nearly thirty sat down together about 10 p.m. Many toasts were proposed and responded to, Mr. John Powell proposing our guest in a very felicitous manner. During the evening the chairman made presentation of a year and dress suit case bearing the inscription "To Mr. Povah from his numerous friends in Coleman." Great enthusiasm prevailed and much credit is due Mr. Norrie who had charge of the arrangement.

Mr. Povah has been identified with the International Coal & Coke Co., Ltd. for nearly three years and a half in the capacity of accountant and treasurer. He came to Coleman after acting in a similar capacity with the Hill Mines Co., in Nelson, B. C., for a period of nine years. During the time he has resided in Coleman he has earned and deserved the respect not only of the staff of the I. C. & C. Co., Ltd. but also of his fellow residents for his commercial ability and honesty. Since Mr. Povah's resignation he has been offered and has accepted the responsible position of general manager of another coal mining company, and, no doubt, Mr. Povah's past experience will be a valuable asset to the company with which he is now identified.

The MINER joins with the residents of this town in wishing Mr. Povah a successful career, and although he has severed his connection with the I. C. & C. Co., Ltd. it is gratifying to know that his energy, business integrity and ability will not be diverted from the district in which he has won so favorable a reputation.

## ITALIAN WINS

Dorando, the plucky Italian, defeated the Canadian victor, J. J. Hays, in New York on Wednesday. The distance was 20 miles and 350 yards. At ten miles Dorando was leading by 8 feet, time 1 hour 9 1/2 seconds. At 20 miles Dorando leads by 8 feet, time 2:04.52. At 24 miles Hays was leading. The 25th mile was finished in 2:35.07 1/2. Hays weakened in the last mile and the Italian won by 60 yards, beating Hays' time at the marathon of 2:55.18 by nearly 11 minutes.

The numerous friends here of Dr. Westwood will be pleased to learn that a new agreement has been entered into between the doctor and the local union, No. 2553, U. M. W. A., to the effect that the doctor will remain here for a period of least two years and a half. The miners appreciate a good doctor.

## A TIP

Indications point to another sharp increase in the price of late in Coleman, Alberta. Remember this place has not been boomed, but natural developments justify the increase. Better see Ward at once and arrange for a lot or two before the advance price is announced.

FOR SALE—A cottage beautifully situated, comfortable and located in the residential portion of Coleman. A good cash proposition or easy terms will be given. A. Charles Brooks, "The Central Block," 100th Street, Merritt, B.C.

## BOARD OF TRADE

A Second Railroad and Many Other Important Matters Were Discussed at Meeting

The Board of Trade met in the club room at 8.30 p.m. on Monday last. The following members were present: O. W. Benedict, president; H. A. Parks, secretary; Alex. Cameron, W. L. Oulmette, L. Manly, D. J. Hill, H. Gate, J. Nathan and F. G. Graham.

The matter of a much needed increase in membership was first brought forward and it was thought that many of the business men in town who were not already members, would join if they were asked personally to do so. Mr. Manly suggested that the president appoint a committee to look after prospective members. Mr. Cameron moved and Mr. Manly seconded that the president be appointed to look after this matter.

Some of the members spoke of the much needed day electric light service which only certain parts of the town were getting. The board was informed that on account of the increase in the cost of electricity it was not possible so far to give very much of his time to this matter but would do so at the first opportunity and it will not be very long before those who need day electric lights will be getting them.

Mr. Manly thought that some of the members of the board had neglected to devote the time which they should to this institution. It was a serious matter for any board of trade to lose their interest in such an important body. Every business man in the town should make it a special effort to be present, if possible, at every meeting.

The matter of a better wagon road between B. C. and Alberta was next brought forward. The only connections between Alberta and B. C. are around the summit and is practically inaccessible. Mr. Manly moved and Mr. Hill seconded that the president be appointed to draft a resolution to be forwarded to Louis Hill, president of the Great Northern railway, showing him the advantage of having another railroad through this district. It was moved by Mr. Cameron and seconded by Mr. Gate that Mr. Manly, Mr. Oulmette and the president be appointed to draft the resolution and send a copy of same also to the board of trades (where no board of trades to the villa e council) in the towns between Coleman and Lethbridge.

It was the opinion of some members of the board that Coleman had suffered too long for the want of a newspaper. Mr. Manly: "Coleman should have had a newspaper three years before it did." The MINER representative, when asked, reminded the board that the MINER's policy was to boost Coleman against all comers and always to fight for the best interests of the town and people in particular and for the whole Pass in general.

## BLAIRMORE NOTES

Bow did not get married.—No. Everybody is busy in Blairmore these days, rather an unusual occurrence here.

Harold Plunkney is the new man behind the counter at the Blairmore grocery store.

James Dougal left on Monday for Winnipeg and other points on business for his company—The West Canadian Collieries Limited. He will be absent a week or ten days.

The trouble over the diverting of a branch of the Old Man River, which runs close to the Alberta hotel and is the only water supply sufficient for fire protection, has been settled and the water will continue to run in the old channel for the present. Who said the councillors were dead?

Robert Bosk who has been for several years a resident of Coleman and late of Blairmore left Tuesday for Lethbridge where he will take over the management of the P. Burns & Co's meat shops. During their stay in the Pass Mr. and Mrs. Bosk have made many friends who will regret to learn of their departure.

### ANOTHER RAILROAD NEEDED

The Canadian Pacific railway have purchased the controlling interest of the A. R. & I. Co., who are owners of the large coal mines at Lethbridge and railroad from that point to the International boundary, connecting with the line running from Great Falls, Montana, U. S. A. to the Great Northern at the International boundary. By the C. P. R. purchasing this line shuts the G. N. R. out of Southern Alberta so far as the benefit of freight rates are concerned. It is a well-known fact that many coal mines in the United States are, owing to, and competing lines into Southern Alberta and particularly the Crow's Nest Pass would largely assist in developing the vast coal areas of this province.

To the south of us we have the Great Northern and Northern Pacific railways, running from St. Paul to the Pacific coast, who are great consumers of coal. There are also two great trans-continental railroads building from Chicago to the Pacific coast—the Burlington and the Milwaukee—which will be in operation within the next twelve months and which could be supplied with Alberta coal by the G. N. connection from Great Falls.

Jim Hill is an individual who builds railways without subsidies or bonus from any municipality or government. The G. N.'s policy is to place station grounds, at any expense to themselves, at the most convenient spot for the city or town to which they build. Cases are on record where city debutantes which have been given to Mr. Hill for better station locations have been returned to the towns who issued them and the wish of the people, regarding the location of the stations, carried out which has often been done at a greater cost to the company.

Every effort should be used by the board of trades and village councils of southern Alberta to induce Mr. Hill to build into this country.

### MISDOINGS AT OTTAWA

The investigation which is being conducted at Ottawa into the affairs of the marine and fisheries department, each day reveals more and more rotteness. That such a state of affairs could exist so long under good government is hard to understand. The people of Canada can thank the Conservative party, under the leadership of E. L. Borden, that at last we may expect some relief from the wholesale misdoings of the officials of this department. The investigation was brought on by the efforts of Mr. Borden and his party, and it was only after a very hard fight that the Liberals were forced to consent to the present investigation.

Now that the elections are over the leading Liberal press throughout the land are admitting, very frankly, that the marine department is in very bad need of re-organization but attribute this state of affairs to the old Conservative party. Assuming that this assertion is correct, what do our readers think of the present government allowing this graft to continue under Liberal rule during the last twelve years?

It is said that the next move will be to investigate the doings of the interior department, and should this be done and done properly we may expect the revelations of the marine department to sink into insignificance in comparison. It is a well-known fact that it was through this department that all the big million dollar steals were made and where even the wheels of justice were stopped in order to prevent the robbers from being deprived of their spoils. Ought not we to be proud of our country and the Liberal party?

### ALBERTA GOVERNMENT RECORD

What the Alberta government has done for the Pass:  
They have given us the "over the slide 'shoot the chutes'" trail.  
They have given us a compensation act which does not work.  
They have given us the Coleman elevated high water wagon road.  
They have given us free school books, printed by scab labor and in a foreign country.  
They have given us a government-owned telephone system with no reduction in rates.  
They have given us by their lax methods an increase in crime throughout the province.  
They have squandered the estates of the victims of the Frank slide and let the widows and orphans go to waste.  
They have given us many promises.  
They have given us a splendid exhibition of incompetence.

### HOLD ME TIGHT

The department of Justice, at Ottawa, ordered Malcolm McKee, of Macleod, to transfer a certain portion of the famous Blairmore township land to H. E. Lyon. This was done. The transfer being started out for Blairmore via Calgary, passing through the hands of Sifton, Short & Stuart, barristers, for the purpose of document was forwarded to Inspector Primrose, at Macleod, thence to Inspector Belcher, of Pincher Creek, who under guard personally carried the valuable paper to the Frank police barracks. Mr. Lyon was communicated with by phone and thence the document was forwarded to Inspector Primrose, at Macleod, thence to Inspector Belcher, of Pincher Creek, who under guard personally carried the valuable paper to the Frank police barracks. Mr. Lyon was communicated with by phone and thence the document was forwarded to Inspector Primrose, at Macleod, thence to Inspector Belcher, of Pincher Creek, who under guard personally carried the valuable paper to the Frank police barracks.

### LOOKS GOOD FOR PINCHER

Pincher, Nov. 25.—The citizens of this town and the adjoining neighborhood have for several years been using, when they could obtain them, the coals from a mine about ten miles west of here, known formerly as the Mill Creek mine, now more generally known as the Beaver Collieries. So much were the coals from what is now known as the Beaver Collieries preferred, that the coals from the Crow's Nest Coal mines and the Lethbridge coal mines could not be sold in competition against them, even though they were sold at 50 cents less per ton. The property referred to has fallen into the hands of the Western Oil and Coal Consolidated, a concern that has been operating very largely in the oil fields south of here. They have acquired and are now opening up the collieries about 7,000 acres of these coal lands to pit them on a basis of one thousand or twelve hundred tons per day. The property is situated about six miles immediately south of Jowley, and about ten miles southeast from the Crow's Nest Pass. In a report made last February, Frank B. Smith, E. M. and B. S., inspector of coal mines for the Dominion government, estimates that the Beaver Collieries will produce over 72,000,000 tons of marketable coal. The company, Prof. John Bonnell Porter, C. E. and J. D. S., principals of the mining department of McGill University, Montreal, who is reputed to be the best coal expert in eastern Canada. Prof. Porter has just completed his investigation and it is learned that his report is in every way satisfactory and practically confirms the report made by Mr. Frank B. Smith, who is probably the best informed coal mine in the west. These experts estimate the minimum tonnage of coal to be over seventy millions of tons, and the facilities for cheap mining are exceptional. The present total output of all the Crow's Nest collieries is little over ten thousand per day. Some idea may be gathered of the enormous deposits of coal on the Beaver Collieries when it is shown that there is sufficient coal on these lands to produce as much as the present total tonnage of the whole Crow's Nest district, for the next seven years, and Prof. Porter estimates that the tonnage might exceed the present estimate by more than a third. The coal is of the highest grade of bituminous coals, and is most eagerly sought after by the railway companies for steaming purposes, but it is probable that when its qualities are more generally known it will be greatly in demand for domestic purposes. There is a continually increasing demand for the coals of this district on the American side, in Colorado, Idaho and Montana, which are dependent at present on Pennsylvania and Ohio, three times as far distant, for coal and coke, and which, up to the present, none of the colliery companies have attempted to supply, for the reason that they are short on their orders for the local demand. All the colliery companies at the present time in the Crow's Nest district are running double time, and most of them have their total output sold for twelve months ahead. The rapidly growing population of Manitoba, Saskatchewan and Alberta, the development of the mine and smelters of British Columbia, the remarkable railway extension and development of the great west, and the opening up of new manufacturing industries in the Middle West and Far West of Canada and the United States, have created and are making a demand for the fuel which will tax all the colliery companies to their utmost limit of production for a good many years to come. The wealth of Alberta as a province is scarcely appreciated by the people of the east. This town is in the centre of one of the finest agricultural districts of Western Canada.

### STANDING OF THE TWO PARTIES

With the two deferred B. C. elections over there remains only one constituency yet without a member, the Yukon, where the election will not take place for sometime. The following is the standing of the parties now—

	Con.	Lib.
Ontario	40	37
Quebec	11	54
Nova Scotia	5	12
New Brunswick	2	11
Prince Edward Island	1	3
Manitoba	8	2
Saskatchewan	1	0
Alberta	3	4
British Columbia	5	2
	88	134

This reduces the Liberal majority by 18 and adds to the Conservative which insures a good lively opposition. The West has 34 seats which are divided between the two parties.

(EDITOR COLEMAN MINER.)

Dear Sir,—In regard to your state-  
ment that The Frank Paper had the  
following: "Locally the result was  
not all that might have been hoped  
for." I think you must be mistaken.  
If you read carefully you will read,  
"the result was not all that might  
have been hoped for locally." Heavy  
on the "locally." In order to find  
out how A. B. was getting on trans-  
acting government business I took a  
trip to the 44. Well, Mr. editor, the  
old gentleman certainly has his hands  
full of unofficial business. John  
Heron will have a snap this time.  
The first bill on his table is an act to  
repeal any newspaper whose  
editor has faithfully supported the  
Liberal government for two terms  
providing the sheet is no larger than  
24. This record carries with it a  
lump sum and a seat in the senate.  
The second bill, which is just now  
under the table, is an act respecting  
clergyman who have upheld the  
Liberal rule, especially in the Yukon.  
This act does not give any money to  
spiritual shepherds but, in lieu, an  
editorship of a paper like the Globe  
and, of course, later a seat in the  
senate.

The Alberta elections will be held  
not later than next June. The sooner  
the better. We need a change.

## SERIOUS ACCIDENT

Alfred Wilson Struck by a Freight  
Train While Passing Over C.  
P. R. Crossing at Pincher City

At Pincher City at about 12:30 Mon-  
day, Alf. Wilson who was engaged in  
hauling hay with a double team, ar-  
rived at the crossing after unloading  
in the warehouse, and found the road  
blocked by an extra west engine, No.  
1421, conductor McKillip.

The train pulled up over the cross-  
ing, and Mr. Wilson evidently  
thought that it was leaving for the  
west proceeded to pass over the track.  
Both teams had crossed and just as  
the wagon was on the track the train  
was backed down again to enter the  
siding with the result that it crashed  
into the wagon upsetting the same.

The horses became frightened and ran  
away. With the upsetting of the  
wagon Mr. Wilson was caught in the  
gearing and dragged for nearly 75  
yards down the road where the horses  
got loose from the wagon.  
Medical aid was at once summoned  
and Drs. Gillespie and Turcot were  
soon on the scene, meantime the unfor-  
tunate man was carried into Stewart  
Connolly's house and given all the  
care possible. The doctors found  
several bad cuts on the head and face  
but at present writing the extent of  
the injuries are not fully known. Mr.  
Wilson was removed to W. Lupton's  
for the present where he will be at-  
tended until able to go to the hospital.  
Latest reports are that the patient is  
resting easily.

LATER.—Alf. Wilson died on Tues-  
day morning at 9 o'clock never having  
regained consciousness. The funeral  
took place Thursday under the aus-  
pices of the L.O.O.F.E. The services  
were conducted by the Rev. Mr. James  
of the Anglican church.

The coroner's inquest was held at  
the Alexandra hotel on Wednesday,  
at 1:30 p.m.; coroner Gould presid-  
ing. The jury were H. Galvin, fore-  
man; J. W. McKnight, Jas. Mc-  
Knight, B. Williams, D. Cook and W.  
Laidlaw. J. R. Palmer, of Pincher  
Creek, represented the relatives of the  
deceased and J. W. Huggill, of Calgary,  
was present in the interests of the C.  
P. R. The verdict: "That Alf. Wil-  
son met with an accident at Pincher  
crossing, on November 28th, which re-  
sulted in his death, on November 29th,  
and the said accident was caused by  
the carelessness on the part of the  
train crew of extra 1421, of the C. P.  
R. Complete particulars will appear  
in next issue.

## HELP YOURSELF

Macdon, Nov. 25.—W. H. Jeffrey  
was acquitted yesterday by Judge  
Stuart in the Supreme Court. He  
said that while there was no doubt that  
the accused took goods from the Hud-  
son's Bay Co. for whom he was clerking,  
the Crown had not proved any  
fraudulent intention. There is no  
doubt but what Jeffrey intended to  
pay for the goods but had extended  
his own credit without authority or  
right. The accused had acted very  
foolishly but not criminally.

Quite a number of Frank people went  
to the dance.

Feed Soreky came up before Justice  
Martin on Monday on a charge of  
stealing a pair of gloves out of A. V.  
Lang's store. He was fined \$10 and  
costs.

One of the foreigners employed by  
the C. P. R. on an extra gang, got so  
drunk on Wednesday night that he  
was absolutely helpless. As the  
policeman was going up the street he  
saw him lying on the road. He with  
the aid of another man tried to take  
him to the barracks but it was a hard  
or job than they expected. The  
policeman got a rig and took the man  
to the barracks. When he sobered up  
in the morning he found he had lost  
\$125. This was an expensive drunk.

In Newfoundland the elections re-  
sulted in a tie, each side winning 18  
seats. This spells defeat for the Bond  
government.

### SITUATION IN INDIA LOOKS SERIOUS

London, Nov. 28.—The English govern-  
ment is much concerned over  
the reports of a revolt of serious propor-  
tions in Southern India. It was an-  
nounced that the situation had be-  
come so tense that Lord Minto, the  
viceroy, had decided to abandon his  
tour of the northern portion of the  
country and hasten south to deal with  
the dissatisfied tribesmen.

In a strong article in its columns  
the Pall Mall Gazette warns the gov-  
ernment of the imminent danger in  
the situation in India. "The con-  
ditions are so alarming," says the  
Gazette, "that it is impossible to con-  
ceal the fact that the trouble must be  
dealt with swiftly and with judgment,  
and that the government will soon be  
forced to take comprehensive military  
precautions there." The Gazette con-  
cludes: "We are able to state, follow-  
ing numerous inquiries, that the situa-  
tion is viewed by the government as  
even more serious than that just prior  
to the great outbreak, because the  
present movement is headed by intelli-  
gent men, communication between the  
tribesmen is easier, and it is also  
easier to procure arms."

It is the opinion of the paper that  
the threatened uprising gives evidence  
of systematic propaganda on the part  
of the revolutionists to tamper with  
the native troops.

### EYE OPENER REFUSED PRIVILEGES OF MAIL

The Eye Opener appeared to-day  
minus the meretricious stories and  
filled with a lot of alcoholic exuda-  
tion which showed that the scorched  
snake is still writhing in agony. The  
mail bags were hauled over to the  
post office as usual but a sad blow  
awaited the job printing office, as the  
Calgary Eye Opener will no longer  
enjoy the privileges of His Majesty's  
mail. As the judge and jury a few  
days ago expressed their opinion of  
the paper in terms that could hardly  
be misunderstood, the postal author-  
ities had no other recourse. It is re-  
minded that the C. P. R. will also cut  
off the privilege of selling the paper  
on their trains.—Calgary News
